Before an Exam

• **Students**
  – New students should create an account on ChooseRestaurants.org using their legal name and a permanent address.
  – All students should log in to ChooseRestaurants.org and make note of username, password, and email address used.

• **Educators**
  – Consider keeping a record of all students’ ChooseRestaurant.org login information to prevent issues during test season.
  – Register/log in to ChooseRestaurants.org and make note of username and password.
  – Confirm you are registered as a Confirmed ProStart School Educator and Proctor. If you are not, please visit the Register as an Educator page or reach out to ProStart@nraef.org.
    • Apply as soon as possible if you have not yet. This process is not immediate and can take up to one business week to complete.
    • If you attempt to apply and receive a notice that, “Our records indicate that you have a current application,” it is likely that you have already completed and been approved. If you’d like to check your application status, please email ProStart@nraef.org.
Before an Exam

- Ensure your school is a verified ProStart school
  - If you did not participate in the annual Westat Data Collection Survey/ProStart Educator Database, your school may not be in our database of ProStart schools.
  - To be a verified ProStart school, you must be using the FRMCA curriculum, Edition 1 or 2.
  - To be added to our school list, please email ProStart@nraef.org. Include a letter on school letterhead, signed by your Principal, stating your school is using FRMCA curriculum to teach ProStart.
  - We will add your school to our school list within one business week.

- Have students log in and make sure their username and password functions **at least a week** before the exam.

- If there are log in issues, reach out to ProStart@nraef.org as soon as possible for resolution. It can take up to 2 business days to receive a response.
  - Please note, certain issues may take longer than 2 business days to resolve.
During an Exam

• There is no stated rule about the amount of time students are allotted to complete the exams.
  – Up to the proctor to determine the testing period.
• Print exams don’t expire.
• Online vouchers expire 24 hours after applied.
After an Exam

• Educators will receive notification when the scores for their exams are available. Scores should be available 2-4 weeks from the testing date, depending on the time of the year.

• Scores will be input into ChooseRestaurants.org.

• Please note that, for print exams, scores will be housed under the name students list on their answer keys.
  – If a student has a nickname, or multiple accounts on ChooseRestaurants.org, this may result in scores not be connected to the correct account.
    • e.g. Johnathan Smith uses his full name on his ChooseRestaurants.org account, but inputs John Smith on his exam. The scores will not be linked to his ChooseRestaurants.org account.
    • This is an easy fix. Reach out to ProStart@nraef.org with the exam session number and student name(s). We can merge the scores to the correct account.
Exam Procedures
Exams

• Editions & Levels
    • Edition 1 & 2; Levels 1 & 2
  – Offered in print and online

• Exam Ordering/Scheduling
  – All exam scheduling takes place on ChooseRestaurants.org regardless of Edition, Level, or exam format.
  – Print exam answer keys and online exam vouchers can be ordered on textbooks.restaurant.org for $18-$21 each.
    • Cost covers administration, grading, record maintenance.
    • 10% discounts available for ProStart educators.
  – **NOTE:** It is crucial that Educators schedule their exams at the correct school. If an educator does not see their school listed in the dropdown menu, please reach out to ProStart@nraef.org immediately.
Exams

• Exam Scoring
  – If using paper exams, ensure Educators send back the completed Exam Information Form. Without this, exams cannot be graded.
  – Exam scoring timelines will vary. Please allow 2-4 weeks for scores to be returned.
  – Educators receive notification when the scores for their exams are available, so not receiving notice within a reasonable amount of time (3-4 weeks during testing season) should tip off an Educator that there may be a snag in the system.

• Accessing Scores
  – Scores can be accessed on ChooseRestaurants.org either by the Exam Session Number, Date Range, or specific Examinee Name.
  – Issues accessing scores should be send to ProStart@nraef.org.

• Exam Forms & Help Documents
  – Found here on ChooseRestaurants.org; Educator-only access
  – Resources like: Scheduling exams, administering print/online exams, ordering & returning answer sheets & materials, viewing exam scores

Exam FAQs
What Happened with Pearson?

• Pearson is no longer supporting Edition 1 exams.

• The National Restaurant Association will sell the Edition 1 answer sheets and online exam vouchers.

• We will support these exams through 2022.

• If you have questions about Edition 1 products, please reach out to Textbooks@restaurant.org.
Exams

• I can’t find my student’s scores.
  – Scores may not be ready. Reach out to your State Coordinator if the timeframe for scoring has passed.
  – Ensure you’re entering the correct exam session number.

• My students can’t find their scores.
  – Students may have entered their name or other demographic information in a way that did not match up or was erroneously misread and entered into ChooseRestaurants.org in a different profile. Reach out to ProStart@nraef.org with the exam session number and student name and correct username.
Certificate of Achievement (COA)
Certificate of Achievement (COA)

• Competencies
  – Students must verify they have mastery of 52 of the 75 competencies (70%)

• Work Hours
  – To attain a COA, students must show proof of work or involvement in the restaurant, foodservice, and/or hospitality industries totaling 400 hours.
  – Students may meet the requirement by participating in either paid foodservice jobs or “alternative” hospitality-related jobs or activities. Jobs may be paid or unpaid (due to the nature of the task).

• Expiration
  – Students are able to enter valid work hours from up to one year prior to and three years following the date of the Level 1 exam. For example:
    • John Doe passes his Level 1 exam on 5/5/2017.
    • John Doe can go back in his records and enter work hours he did from 5/5/2016 and forward.
    • His COA application will expire on 5/5/2020.
Certificate of Achievement (COA)

• On the Coordinator and Educator Hubs, there are 3 documents to help you understand and administer the COA process:
  – COA Explanation of Hours
    • Discusses what is eligible work experience for students to apply toward their COA
  – COA Work Experience Checklist
    • This document is what students are required to have their employers complete to verify their competency attainment
  – COA Training PowerPoint
    • Goes through the process from start to finish for Students, Educators, and Coordinators

• Please review these documents, and reach out to your State Coordinator with questions.
Resources

• Coordinator Hub
  – Coordinator Resource Hub

• Educator Hub

Questions Received

• How does the exam process change year over year, if at all?
  – The process for taking the exams does not change. The questions change approximately every two years.

• Are there study guides available for the 2nd edition?
  – The FRMCA books offer chapter-end quizzes that students can use for practice.
  – We do have exam blueprints that indicate the number of questions from each chapter available on the Educator and Coordinator Hubs.

• Is there a way for a Coordinator to pose as a teacher to provide troubleshooting support?
  – Coordinators can request Educator permissions with ProStart@nraef.org.

• How do we know what’s on the test? How can we prepare our students?
  – On both the Educator and Coordinator Hubs are Exam Specifications for Edition 1 and Edition 2 FRMCA exams. These documents will show which chapters are more heavily covered in the exams, so you know where to focus your students’ time and attention.

• State Coordinators have given directions to educators to open the exam prior to administering it, so you can prepare students for those questions. The rules on the exam administration clearly say not to open or view the exam. Please clarify the NRAEF stance on if this is ever acceptable.
  – Please do not open or review exams prior to administering them. Educators should use the FRMCA curriculum, practice quizzes in the textbooks, and resources on their Hub to prepare students.

• Are questions in the Exam based off the state regulations or nations?
  – Please visit https://textbooks.restaurant.org/Explore/Correlations for information on Correlations.
